**To whom it may concern:**

**Robert Mark McPherson is my younger brother. I was 15 years old when he was born, so I have basically been an adult figure for him his entire life.**

**Mark has worked with me in the horse world all of his life. Although he has not worked the entire time with horses, he always returns to them. He has a tremendous amount of talent and ability in the equine world and is very capable of making a living in this field.**

**Mark also has the knowledge and experience to do all types of farm work, and has done them for me over the years.**

**As my equine business and my farming operation has expanded over the years and I get older and slower I have a tremendous need for his help.**

**Our mother is 87 years old and not in excellent health. I fear that she may never see him again. It would also be a great asset to have his help in caring for her.**

**I realize that he had a drug problem that required action, and he must pay his debt for it. I do not have a lot of knowledge on this phase of his life. When he was involved with drugs he stayed away from me. I do not use, believe in, or tolerate illegal drugs around me. Therefore Mark stayed away from me when he was involved with drugs.**

**If I can provide any additional information, or if you would like to discuss any of this information with me, please do not hesitate to contact me at any time.**

**Sincerely,**
